#### **Veterinary Medical Science**

**Graduate Coordinator: Dr. Larry Hanson** 

R2008 Wise Center

Box 6100

Mississippi State, MS 39762-6100 Telephone: 662-325-1417 E-mail: tia.perkins@msstate.edu

#### **Admission Criteria**

To be admitted to the Veterinary Medical Sciences Graduate Program the applicant must either hold a D.V.M. degree from a recognized college of veterinary medicine or have at least a bachelor's degree from a fully recognized four-year institution of higher learning. The scholastic record for all undergraduate, graduate, and professional school coursework will be reviewed and should exceed a minimum GPA of 3.00 for undergraduate work; GPA of 3.00 for graduate work; GPA of 2.75 for the four years of the veterinary curriculum or 2.75 for the last two years of the veterinary curriculum. Also required are three reference letters, a minimum TOEFL score of 550 PBT (79 iBT) or IELTS score of 6.5 for international students from countries whose primarily language is not English, and if a Graduate Record Examination (GRE) score is available, those scores will be considered.

#### **Provisional Admission**

In special circumstances a student who does not meet admission criteria may be admitted provisionally if approved by the Graduate Program Advisory Committee. See Provisional Admission under Admission In this publication for provisional requirements.

#### **Academic Performance**

If a student does not show satisfactory progress toward meeting academic, research, and/or thesis requirements, his/her performance will be reviewed in a meeting with the student's graduate committee. This committee may recommend a change in the student's program or recommend that the student be dismissed from the degree program in the College of Veterinary Medical Science program. Students must follow all guidelines outlined in the *Graduate Catalog*.

#### Master of Science in Veterinary and Biomedical Medical Sciences (VMS) - Population Medicine Non-Thesis Concentration (PMNT)

| Total Hours   |  | 35 |
|---|--|----|
| or CVM 8091   | Current Topics in Production Animal Medicine |    |
| CVM 8011  | Seminar <sup>1</sup>                         | 1  |
| Statistics course <sup>1,2</sup>  |  | 3  |
| Graduate-level coursework credits (at least 15 hours of all coursework credits must be 8000-level or above) 1 |  | 31 |

- Equivalency of seminars and coursework is determined by the student's graduate committee.
- Previous graduate-level statistics courses can satisfy this requirement with approval of the student's graduate committee. Transfer of credit for any previously taken courses is subject to the policy found in the *Graduate Catalog*.

A final examination (oral and/or written) which covers both the major and supportive fields and includes defense of the thesis is required. Students must present an open seminar of the thesis research just prior to oral final examinations. The student must adhere to the University and College regulations regarding his/her graduate program.

#### Master of Science in Veterinary and Biomedical Sciences (VMS) - Veterinary Medical Research Concentration (VMRC)

| Total Hours   |  | 30 |
|---|--|----|
| CVM 8000  | Thesis Research/ Thesis in Veterinary Medicine | 6  |
| One seminar course (CVM 8011 or equivalent) <sup>1</sup>  |  | 1  |
| One statistics course 1, 2  |  | 3  |
| Graduate-level coursework (at least 12 hours of all coursework credits must be 8000-level or above) 1 |  | 20 |

- Equivalency of seminars and coursework is determined by the student's graduate committee.
- Previous graduate-level statistics courses can satisfy this requirement with approval of the student's graduate committee.

A final examination (oral and/or written) which covers both the major and supportive fields and includes defense of the thesis is required. Students must present an open seminar of the thesis research just prior to oral final examinations. The student must adhere to the University and College regulations regarding his/her graduate program.

#### Master of Science in Veterinary and Biomedical Sciences (VMS) - Computational Biology Concentration (VCBC)

| Total Hours  |  | 30 |
|--|--|----|
| CVM 8000   | Thesis Research/ Thesis in Veterinary Medicine                         | 6  |
| One seminar course (CVM 8011 or equivalent) <sup>1</sup> |  | 1  |
| One statistics course 1, 2                               |  | 3  |
| CSE 6623   | Computational Biology  | 3  |
| CSE 6613   | Bio-computing  | 3  |
| or PSS 8653  | Genomes and Genomics   |    |
| BCH 8653   | Genomes and Genomics   | 3  |
| Graduate-level courses (at lea                           | ast 12 hours of all coursework credits must be 8000-level or higher) 1 | 11 |

Equivalency of seminars and coursework is determined by the student's graduate committee.

A final examination (oral and/or written) which covers both the major and supportive fields and includes defense of the thesis is required. Students must present an open seminar of the thesis research just prior to oral final examinations. The student must adhere to the University and College regulations regarding his/her graduate program.

### Master of Science in Veterinary and Biomedical Sciences (VMS) - Infectious Diseases Concentration (VIDC)

| Total Hours  |  | 30 |
|--|--|----|
| CVM 8000   | Thesis Research/ Thesis in Veterinary Medicine | 6  |
| Graduate-level courses (at least 12 hours of all coursework must be at 8000 level or higher) 1 |  | 14 |
| One seminar course (CVM 8011 or equivalent) <sup>1</sup>                                       |  | 1  |
| One statistics course 1, 2   |  | 3  |
| or BCH 6713  | Molecular Biology                              |    |
| BCH 6013   | Principles of Biochemistry                     | 3  |
| CVM 8303   | Advanced Immunology                            | 3  |

Equivalency of seminars and coursework is determined by the student's graduate committee.

A final examination (oral and/or written) which covers both the major and supportive fields and includes defense of the thesis is required. Students must present an open seminar of the thesis research just prior to oral final examinations. The student must adhere to the University and College regulations regarding his/her graduate program.

## Master of Science in Veterinary and Biomedical Sciences (VMS) - Toxicology Concentration (TOXI)

| Total Hours   |  | 30 |
|---|--|----|
| CVM 8000  | Thesis Research/ Thesis in Veterinary Medicine | 6  |
| Graduate-level courses (at least 12 credits of all coursework must be 8000-level or higher) |  | 14 |
| On seminar course (CVM 8011, 8091, or equivalent) <sup>1</sup>                              |  | 1  |
| One statistics course 1, 2  |  | 3  |
| CVM 6513  | Environmental Toxicology                       | 3  |
| or CVM 8533   | Organ Systems Toxicology II                    |    |
| or CVM 8523   | Organ Systems Toxicology I                     |    |
| CVM 8543  | Mechanisms of Toxic Action                     | 3  |
|   |  |    |

Previous graduate-level statistics courses can satisfy this requirement with approval of the student's graduate committee.

Previous graduate-level statistics courses can satisfy this requirement with approval of the student's graduate committee.

- Equivalency of seminars and coursework is determined by the student's graduate committee.
- Previous graduate-level statistics courses can satisfy this requirement with approval of the student's graduate committee.

A final examination (oral and/or written) which covers both the major and supportive fields and includes defense of the thesis is required. Students must present an open seminar of the thesis research just prior to oral final examinations. The student must adhere to the University and College regulations regarding his/her graduate program.

#### Master of Science in Veterinary and Biomedical Sciences (VMS) - Population Medicine Thesis concentration (POPM)

| CVM 8333  | Food Safety and Security in Public Health                         | 3  |
|---|---|----|
| CVM 8513  | Applied Veterinary Epidemiology                                   | 3  |
| CVM 8503  | Epidemiology/Biostatistics  | 3  |
| ST 8114   | Statistical Methods <sup>1,2</sup>                                | 4  |
| One seminar course (CVM 8011, CVM 8091 or equivalent) 1 |   | 1  |
| Additional graduate-level courses (at least 1           | 2 hours of all coursework credits must be 8000-level or higher) 1 | 10 |
| CVM 8000  | Thesis Research/ Thesis in Veterinary Medicine                    | 6  |
| Total Hours   |   | 30 |

<sup>&</sup>lt;sup>1</sup>Equivalency of seminars and coursework is determined by the student's graduate committee.

A final examination (oral and/or written) which covers both the major and supportive fields and includes defense of the thesis is required. Students must present an open seminar of the thesis research just prior to oral final examinations. The student must adhere to the University and College regulations regarding his/her graduate program.

## Doctor of Philosophy in Veterinary and Biomedical Sciences (VMS) - Veterinary Medical Research Concentration (VMRC) (for students with a master's degree)

| Total Hours  |  | 60 |
|--|--|----|
| CVM 9000   | Dissertation Research/ Dissertation in Veterinary Medicine | 20 |
| Graduate-level courses (at least 12 hours of all coursework at 8000-level or higher) or additional CVM 9000 credits <sup>1</sup> |  | 31 |
| Three seminar courses (CVM 8011 or equivalent)   |  | 3  |
| Two statistics courses 1,2   |  |    |

Equivalency of seminars and coursework is determined by the student's graduate committee.

# Doctor of Philosophy in Veterinary and Biomedical Sciences (VMS) - Veterinary Medical Research Concentration (VMRC) (for students with a bachelor's but no master's degree)

| Total Hours  |  | 90 |
|--|--|----|
| Additional graduate-level coursework and/or CVM 9000 credits <sup>3</sup>            |  | 46 |
| CVM 9000   | Dissertation Research/ Dissertation in Veterinary Medicine | 20 |
| Graduate-level courses (at least 12 hours of all coursework at 8000 level or higher) |  | 15 |
| Three seminar courses (CVM 8011 or equivalent) <sup>1</sup>                          |  | 3  |
| Two statistics courses 1, 2  |  | 6  |

- 1 Equivalency of seminars and coursework is determined by the student's graduate committee.
- Previous graduate-level statistics courses can satisfy this requirement with approval of the student's graduate committee.
- 3 Students must have 24 hours of graduate coursework to graduate with a Ph.D. in VMS.

<sup>&</sup>lt;sup>2</sup>Previous graduate-level statistics courses can satisfy this requirement with approval of the student's graduate committee.

Previous graduate-level statistics courses can satisfy this requirement with approval of the student's graduate committee. Transfer of credit for any previously taken courses is subject to the policy found in the *Graduate Catalog*.
