Day One Leadership Program

As part of the Office of Student Leadership and Community Engagement, Day One is designed to help incoming freshmen make a meaningful transition from home to college life and to develop leadership potential.

Day One students enroll in a class that places a focus on practical, applied, “how-to” leadership skills, along with character education and an understanding of social and civic responsibilities through community engagement.

Day One students learn together and lead together. The students bond and make friends through service-learning teams. Additional information can be found at www.DAYONE.msstate.edu (http://www.DAYONE.msstate.edu)
